

**His name is Ganapathy and he is in his early 30s.**

**The first time we saw him, he used to sit around aimlessly at Kotaraya not knowing what to do in life. After several unsuccessful attempts at trying to get a job, he felt rejected and frustrated with life. This was the reason he ended up on the streets.**

**We encouraged him and prayed that he will have the inner confidence to move on with life. We spoke to him about Jesus Christ and asked him to rely upon the strength and comfort that comes from Him. After several weeks of ministering to him, he was no longer to be seen.**

**Early this year (2013), while carrying out our regular ministry, a young man came up to us and started a conversation. We realized that this young man was Ganapathy. He came all the way from Seremban just to thank us for giving him hope. He is currently working as a welder.**

**Our prayer is that the seed that was sown into Ganapathy's life will be watered and eventually he will come to know the Lord.**
